

# Connect careers to your classroom

Career slides you can show in class

# Instructions for Teachers

## Ways to use these slides

- **Take 2 minutes:** Show a slide per day as your students are walking into class.
- **Take 10-15 minutes:** Create a gallery walk or career stations for students to view different careers.
- **Provide individual time:** Have students review the Career index slide for careers they're interested in.
- **Optional:** Have students review and respond to [the reflection questions](#).

## About BigFuture Career Search

Career information is from O\*NET by the U.S. Department of Labor.

It contains over 1,000 career profiles including information on:

- Median local and national income
- Projected job growth
- Average education level

Students can also take a 15-minute career quiz to get matched with up to 30 potential careers to explore on BigFuture.

# About the Slides

- There are 5 slides for each of these content areas:
  - STEM
  - English
  - Arts
  - History and Social Sciences
  - World Languages and Cultures
- Each slide highlights one career with information about median yearly income, most common education level, and projected job growth.
- Each slide provides a QR code to learn more about the career.
- Students can stay organized by adding careers they like to their career list on BigFuture.

Use this resource to connect your students to scholarships:

Juniors and seniors can qualify for monthly \$500 and \$40,000 scholarship drawings just by adding three careers to their career list on BigFuture.

Share more with students about how to automatically earn scholarship entries at [bigfuture.org/scholarships](https://bigfuture.org/scholarships)
